Supporting Documents and Assessments (SD)	16
Technical Reports (TR)	19
Examination Documents (EX)	20
Additional Documents (AD)	22
Hearing Statements – Council (CH)	25
Hearing Statements – Representors (RH)	26

About the Examination Library

The Core Strategy is supported by a large number of Supporting Documents, Evidence Base Studies and Technical Reports. These form the Examination Library.

The Examination Library has been arranged into nine categories. The documents within each section have been assigned an individual reference number, which relates to the category they can be found in. For example “CS01 Knowsley Local Plan Core Strategy – Submission Document”, the “CS” relates to the group of documents; in this case “Core Strategy Documents” and the number relates to each individual document.

About the Categories

Core Strategy Documents: This category includes only key consultation documents published as part of the preparation of the Knowsley Local Plan Core Strategy. The documents include previous consultation versions of the Core Strategy, including the Issues and Options Paper and Preferred Options Report, as well as the Proposed Submission and Submission Documents.

Council Reports and Minutes: The Knowsley Cabinet have approved the Core Strategy at each key stage of its development: Issues and Options, Preferred Options and Proposed Submission. The Proposed Submission Core Strategy was also approved by the Council. These documents include the reports sent to both Cabinet and Council and the minutes from the relevant meetings.

Knowsley Evidence Base: These documents have been produced by the council, and in some cases commissioned expert consultants, to provide primary and secondary research to inform and justify planning policy decisions, including those set out in the Knowsley Local Plan Core Strategy. Evidence base documents cover a wide range of issues affecting Knowsley, including for example housing land supply, economic viability, greenspaces and playing pitches, and flood risk assessments.

Legislation and Regulations: This category includes the various planning related Legislation and Regulations documents.

Liverpool City Region / Regional Evidence Base: These are evidence base documents prepared for a wider area than the Borough, including studies commissioned on a sub-regional basis, or across a number of neighbouring authorities.

Planning Policy Documents: This category includes all non-Core Strategy planning policy documents produced by the council. This includes the adopted Unitary Development Plan, the emerging Waste Local Plan, as well as a range of adopted Supplementary Planning Documents. This category also includes process documents produced to support the Local Plan, including Monitoring Reports, the Local Development Scheme and the Statement of Community Involvement.

Policy and Guidance: This category includes national, regional and local policy documents which have informed the policies in the Core Strategy. This includes the

National Planning Policy Framework (NPPF), the now revoked Regional Spatial Strategy, City Region Strategies and local policies and guidance for Knowsley.

Supporting Documents and Assessments: These documents have been produced specifically to support the Core Strategy and the Proposed Submission Consultation. The documents include the results of previous consultation exercises, as well as the reports of assessments including the Sustainability Appraisal, Habitats Regulations Assessment, Health Impact Assessment and Equality Impact Assessment. The Infrastructure Delivery Plan, Monitoring Framework and Duty to Cooperate Statement can also be found within this category.

Technical Reports: These documents have been produced by the council specifically to support the preparation of the Knowsley Local Plan Core Strategy. The technical reports cover a range of topics, and are intended to provide a bridge between evidence base documents and the policies in the Core Strategy document. These reports have been designed to be easy to navigate, and to succinctly set out reasoned justifications for a number of different Core Strategy policies.

Examination Documents: These documents have been prepared by the appointed Inspector and Programme Officer, and relate to procedural matters for the Examination in Public.

Additional Documents: These have been made available by the council and others during the Examination process, and include documents which have been referred to in Hearing Statements but have not yet been included in the Examination Library.

Hearing Statements – Council: Hearing Statements have been prepared by the Council in response to the Matters, Issues and Questions raised by the Inspector.

Hearing Statements – Representors: Hearing Statements have been prepared by the representors in response to the Matters, Issues and Questions raised by the Inspector.

Access to the Examination Library

The Examination Library is available to view online at www.knowsley.gov.uk/LocalPlan

A hard copy of the Examination Library is also available to view at the Huyton Municipal Buildings (Archway Road, Huyton, Knowsley L36 9YU). The Examination Library is managed by the Programme Officer. If you would like to view the Examination Library please visit the Huyton One Stop Shop, or contact Paul Morris (the Programme Officer) on the details below.
