

## **Schedule of Minor Changes and Edits to the Knowsley Local Plan Core Strategy**

**Approved January 2016**

### Introduction

This schedule sets out the minor changes and edits made to the Knowsley Local Plan Core Strategy Submission Document (July 2013).

This schedule should be read along the “main modifications” schedule appended to the Inspector’s Report on the Examination of the Plan. Together with the schedule of additional modifications, these schedules represent a comprehensive documentation of all of the changes between the Submission Version of the Plan and the Adoption Version.

"Minor changes and edits" are considered to be of a very minor nature and do not materially affect the policies set out in the Plan. They include grammatical, spelling and formatting corrections. They also include presentational matters, such as the consistent use of capitalisation of terms or the consistent use of acronyms. Finally, in some exceptional cases, minor changes have been made to reflect the passage of time between the Submission Version of the Plan and the Adoption Version.

A large number of minor changes relate to the renumbering of paragraph and chapter numbers following new content added through the main and additional modifications. For consistency, the Schedule of Minor Changes and Edits identifies all paragraph numbers in the submission version and sets out any changes to the paragraph numbers within the Adoption Version.

The schedule is structured in the same order as the Plan and contains columns as follows:

- The **Old Numbering** column refers to the original paragraph or chapter reference from the Submission version (July 2013) or Proposed Modifications (September 2014) version of the Knowsley Local Plan Core Strategy. Where a “0” is shown, this means that the change applies throughout the document;
- The **New Numbering** column sets out the paragraph and section numbering in the proposed Adoption Version;
- The **Comment on numbering changes** column identifies any relevant comments on the reasons for changes to paragraph or chapter numbering;
- The **Minor Change / Edit** column details the minor change or edit made to the content of the Plan;
- The **Reason(s)** column briefly explains why the minor change or edit is considered to be necessary.

Table 1: Schedule of Minor Changes and Edits

Old numbering	New numbering	Comment on numbering changes	Minor Change / Edit	Reason(s)
0	0		Throughout – changed policy titles to format “Policy CSxx: Policy Name” (etc) – also removed stray spaces between policy letters and numbers.	Corrected drafting errors.
0	0		Throughout – capped up “Policy” if referring to a policy number and/or title.	Corrected drafting errors.
0	0		Throughout – numbering of clauses in policies changed from “1.” to “1)” (etc.)	Corrected drafting errors.
0	0		Throughout – capped up “Neighbourhood Plan”.	Corrected drafting errors.
0	0		Throughout – used single quotation marks for extracts etc. (previously used mix of single and double).	Corrected drafting errors.
0	0		Throughout – introduced bulleted lists with colon (“:”).	Corrected drafting errors.
0	0		Throughout – where consecutive policies are referred to (e.g. in ‘Policy Links’ boxes) ranges are used (e.g. ‘SUE1–SUE2c’ rather than—say—‘SUE1, SUE2, SUE2a...’ etc.) – this was previously done inconsistently.	Corrected drafting errors.
0	0		Throughout – made ‘borough’ lower case except where referring to the name of a council.	Corrected drafting errors.
0	0		Throughout – changed references to National Planning Policy Framework to NPPF (after first mention).	Improved clarity.

Old numbering	New numbering	Comment on numbering changes	Minor Change / Edit	Reason(s)
0	0		Throughout – capped up references to titles of figures, tables etc. within document.	Corrected drafting errors.
0	0		Throughout – generally tables and figures are now referred to in text by label and number only (e.g. Table 2.1) rather than with full title (e.g. Table 2.1: Housing Completions 2003/04–2012/13) when these cross-references appear close to the table or figure in question. Full references generally used further away.	Improved clarity and/reading ease by avoiding repetition.
0	0		Throughout – paragraph numbers (and internal references) updated for final document (see columns 1 and 2 of this table for changes).	Consequence of modifications made to document (no impact on substance)
0	0		Throughout- numbering of tables, figures etc. (and internal references) updated to reflect new chapter numbers.	Consequence of modifications made to document (no impact on substance)
0	0		Throughout – individual points within bulleted lists changed from ending with “,” to “;”, “; and”, or “.” as appropriate.	Corrected drafting errors.
0	0		Throughout – ensured correct spacing around punctuation.	Corrected drafting errors.
0	0		Throughout – added full stops where text within tables, policy links boxes etc. is a complete sentence.	Corrected drafting errors.
0	0		Throughout – changed references to ‘CLG’ to ‘DCLG’.	Improved consistency (both were in use), DCLG reflects department’s own current usage.

Old numbering	New numbering	Comment on numbering changes	Minor Change / Edit	Reason(s)
0	0		Throughout – added hyperlinks to documents referred to in footnotes, where possible.	Improved ease of use of Core Strategy (especially for online readers),
0	0		Throughout – all maps and tables now oriented to portrait rather than landscape layout.	Improved clarity/reading ease
0	0		Throughout – diagrams (figures and maps) reformatted (but data unchanged).	Improved clarity/reading ease
0	0		Added [space for] Foreword.	Additional section added (no impact on substance of document)
