

# Sexual Health JSNA

Following a decline during the pandemic, there has been an increase of some sexually transmitted diseases in recent years.

The rate of under-18 conceptions has declined in Knowsley - but remains higher than the national level.

**K** Knowsley  
**21.1 per 1,000**

**N** North West  
**16.4 per 1,000**

**E** England  
**13.1 per 1,000**
